INTERN IN CLAIMS DATA ANALYSIS (m/f)

FÜR DEN BEREICH CLAIMS 1.5

Data is a major business asset for almost all enterprises. Munich Re Claims has data from contracts and loss events from more than the last 100 years. This data can be used e.g. to improve the understanding of past events, to gain deeper insights in loss causes, to make predictions about future events and invent new reinsurance products and services. To do this, the data must be made accessible for automatic processing. Munich Re Claims therefore is conducting the “Global Loss Data & Analytics” project, using data science tools and techniques such as search engines, “Smart Matching” or “Natural Language Processing” (NLP). In order to validate their results, to derive rules or even train machines, human expertise, understanding and input is required upfront.

YOUR JOB:
- Analyze and validate detailed engineering loss descriptions
- Closely Collaborate with Claims and Underwriting departments
- Support developing methodologies and automated extraction of data

YOUR PROFILE:
- Current master's student with an above-average bachelor's degree in the fields of engineering or insurance and a keen interest in digitalization
- High affinity with technical topics, ideally data analytics
- Creativity, openness, communication skills and eagerness to join an interdisciplinary team
- Fluency in spoken and written English, sound working knowledge of Microsoft Office applications

Munich Re is one of the world's leading reinsurance companies with more than 11,000 employees at over 50 locations around the globe. We are working on topics today that will concern the whole of society tomorrow, whether that be climate change, major construction projects, gene technology or space travel. We find solutions to these challenges through a network of highly qualified professionals who anticipate risks, work on tailor-made solutions and expertly advise our clients. If you want to help shape the future as part of one of our teams, we look forward to hearing from you. Please click on the link to apply online.
